TINY HANDS PRESS | THE TALES OF TRUMPLETHINSKIN | AUGUST 2020

"#ThePresidentIsACrybaby and #TrumpleThinSkin became top Twitter trends after Trump complained about mean Twitter trends."

Business Insider; July 28th 2020

Tiny Hands Press and author-illustrator Martin Treanor proudly announces the release of three gleefully satirical storybooks for adults—following the adventures of the self-absorbed and shamelessly opportunistic Trumplethinskin.

Trumplethinskin and the Wizard Bonespurs:
Trumplethinskin discovers he will be sent to a nasty place called Vet Nam, and devises ways to avoid going by visiting the Wizard Bonespurs—who can make-believe anything.

Trumplethinskin in the Land of UcK:
Trumplethinskin travels to the Land of UcK, where he is brought to the palace for afternoon-tea and realizes all he really wants is his own throne room. So, he instructs his elf Pompelo to get him one, along with the Land of UcK and the Isle of Green at the top of the world.

Trumplethinskin and the Gigantic Peach:
Dancy Nancy is growing a Gigantic Peach for Trumplethinskin, who detests fruit. He needs Chucky Dollson, Tight-fisted Turtle, and Hennity Bennity to help him, because he has promised them bagfuls of magic beans.
